

I. CORE CURRICULUM 44

Chemistry 1101-1110, 1102-1120 will count toward the science requirement. Math 1110 will count toward the math requirement. Courses used to fulfill Core Curriculum requirements can also be used to fulfill major requirements.

II. MAJOR REQUIREMENTS (Not including 12 s.h. already counted in I, above) 74

2.0 major GPA is required for graduation. Major GPA calculation will include all courses taken in the major department, plus any other courses under II. Minimum of 18 semester hours of courses taken to fulfill major requirements must be courses offered by Appalachian.

A major in Biology leading to the Bachelor of Science degree in Clinical Laboratory Sciences consists of 96 semester hours of work at Appalachian (12 of which also meet Core Curriculum requirements) and 32 semester hours of work at an affiliated medical technology school. The 96 semester hours at Appalachian include 44 semester hours in core curriculum; 31 semester hours in biology; 8 semester hours in chemistry beyond the Core Curriculum requirements; 3 semester hours in statistics (and 4 semester hours of math which also fulfills the Core Curriculum requirement); and 10 hours of electives to complete 96 semester hours at Appalachian State University.
